HONEY FABRICS

Customised Polyester & Nylon fabrics for garment makers

YOUR DESIGN · YOUR FABRIC · NO COMPROMISE

SURAT, INDIA · SINCE 2014

ABOUT US

Fabric made for your product, not off the shelf.

Honey Fabrics is a Surat-based fabric house with more than a decade of experience in customised polyester and nylon fabrics for garment makers.

We create the exact fabric each maker needs, from kids wear brands and dance costume makers to suppliers of large corporate orders, at the grade their budget allows.

CUSTOMISE

Colour matched to your shade card or sample · Feel · Work · Finish

Sequins

Dyeing to your shade

Zari

Beads & semi-beads

Chain embroidery

Foil

Digital print

Platting and Padding

Visuals show the kind of work we develop. Every fabric is made to your brief.

SAMPLES ON REQUEST

OUR SPECIALITY

Kids wear fabrics

Children's clothes need more care than any other garment. For years we have supplied kids wear fabric to makers serving large corporates and big offline houses. Whatever the occasion or season, we develop the fabric for it.

Wide range of colours to choose from

Material grade to match your budget

Quality of work, uncompromised

WHO WE WORK WITH

From the stage to the shop floor

Dance & performance

Bharatanatyam, classical and stage costume makers rely on us for rich colours, shine and fabric that moves beautifully on stage.

Corporate supply

Makers supplying branded wear to large companies get consistent fabric, batch after batch, for big repeat orders.

Wholesale & offline

Makers selling through dealers and markets get reliable quality and the volumes that keep their shelves full.

Have a different product? If it is made of polyester or nylon, we can develop a fabric for it.

HOW IT WORKS

From your idea to your fabric, in four steps

01

You share your requirement

A sample, a photo, a shade card, or simply the garment you have in mind.

02

We plan the fabric

We source the right base and plan the work and finish to suit your product and budget.

03

You approve a sample

We make a sample for you to check. Lab testing is available if required.

04

Bulk production

Once you approve, we produce your order with quality checks at every stage.

Have a sample? We will match it. Repeat orders match the last batch, because your fabric details stay on record.
