ABOUT US

# Fabric that honours the dance

Honey Fabrics is a Surat-based fabric house. Since 2014 we have made customised polyester and nylon fabrics for garment makers across India.

For dance costume makers, we develop fabric that looks rich under stage lights, holds crisp pleats and fans, and carries the detail of classical design.

CRISP SHEEN · SCATTERED MOTIFS

# Taffeta Butti

A crisp, lustrous taffeta with small motifs (butti) spread evenly across it. It holds sharp pleats in the fan and pyjama, and catches the light with every movement.

PATTERN WOVEN IN

# Jacquard

The design is woven into the fabric itself, not printed on top, giving rich temple-style patterns with depth and a regal fall. Beautiful with a contrast border.

TWO TEXTURES TOGETHER

# Kasturi + Taffeta Butti

Kasturi fabric paired with taffeta butti work, so one costume carries two complementary textures: a rich base with a crisp, motif-dotted sheen.

Base colour, motif and placement matched to your costume design.

ANY DESIGN · ADDED SPARKLE

# Digital + Diamond

Digital printing puts any design or colour blend on the fabric, including smooth ombré shades. Diamond (stone) work is then added for sparkle under stage lights.

Base colour, motif and placement matched to your costume design.

SHIMMER IN MOTION

# Sequins

Sequins worked across the fabric, all-over or as buttis, so the costume shimmers with every turn and step. Colours and placement are made to match your design.
